La Cosa Nostra Privé

The privilege of belonging to the private circle

Some nights are meant to be celebrated. Others are destined to become legend.

Behind the doors of La Cosa Nostra Privé lies a world reserved for a select few: the passion of Italy's great families meets the refinement of French salons. Discreet codes, Champagne, fine dining and the magnetic allure of private parties in the Roaring Twenties.

Every culinary creation tells a chapter of the story. Every toast is a promise. And every guest belongs to a circle where true luxury is recognised without ever needing to announce itself.

An evening designed to welcome the new year with mystery, elegance and the pleasure of belonging.

La Dolce Vita rencontre l'Art de Vivre.

Gillardeau No. 3 oyster with a delicate Champagne gelée and a fragrant hint of shallot: the first gesture of an exceptional evening.
